

POINTZERO
IMMERSIVE LAB

A Division of The Quick Craft

History and Tourism

Virtual Reality Solution

Bringing the Past to Life and Destinations to You

Who we are

PointZero Immersive Lab builds practical AR, VR, and spatial solutions helping organizations train teams, visualize complex systems, and engage audiences through high-quality Immersive technology.

Our identity

**We design experiences
that
solve real problems**

Technology and creativity
working in tandem

Deep industry
understanding

Execution that delivers
operational value

Organizations face complex communication, training, and engagement challenges that traditional formats can't solve

Training at scale

Instructor-led training is costly and hard to scale across teams.

Complex processes

Workflows and technical systems are difficult to explain with slides alone.

Problems we solve

Safety simulation

High-risk tasks need a safe, repeatable environment for practice.

Engagement and visualization

Hard-to-visualize ideas lose attention — immersive formats bridge the gap.

VR in Advertising & Media

Key Use Cases

[View Reference Video](#)

** This video is shared for reference purposes only.

**Virtual Time
Travel**

Transport users directly into pivotal historical events, from the court of a king to the deck of an explorer's ship

**Visit Before You Travel
(Previews)**

Offer immersive virtual tours of destinations, hotels, and attractions to inspire bookings and manage expectations

**Exploring Inaccessible
Heritage**

Allow the public to virtually visit fragile, remote, or restricted sites like deep-sea wrecks or ancient tombs

Our VR Solutions

Historically Accurate Environment Modeling

We build photorealistic, 3D replicas of past worlds based on archaeological and academic research

Cinematic 360° Destination Films

Capture the beauty and culture of a location in stunning VR video to use in marketing and outreach

Interactive Historical Simulations

Create educational modules where users can interact with objects and characters from a specific era

Our Team's Experience

Google

Industries we serve

Immersive solutions across sectors

Manufacturing

Simulate assembly lines and train operators in virtual environments

Automotive

Virtual showrooms and immersive design review experiences

Aviation & Aerospace

High-fidelity simulation for crew training and mission rehearsal

Healthcare

Surgical simulations and patient education in immersive 3D

EduTech

Interactive learning experiences that improve knowledge retention

Oil & Gas

Safe hazard simulations and remote inspection in virtual space

Real Estate

Virtual property walkthroughs before construction begins

Infrastructure

Digital twin visualisation for planning and stakeholder review

Training & Safety

Risk-free scenario-based training across all critical environments

Why immersive works

76%

increase
in learning effectiveness

4x

faster
employee training vs. classroom

600%

ROI
for VR training in industrial settings

75%

retention
in VR vs. 10% in lectures

43%

reduction
in workplace injury risk

52%

lower cost
than classroom training at scale

Outcomes Point Zero clients achieve across training, safety, and workforce development programs.

Why PointZero

Built for execution, designed for real environments

Practical solutions

Immersive tools built to work in real-world conditions, not just demos.

Production quality

High standards at every stage, from concept through to final delivery.

Industry focus

Deep sector knowledge shapes how we design and deploy every solution.

Reliable delivery

Consistent execution on time, with clear milestones and accountability.

Scalable solutions

Designed to grow with your needs, from pilot projects to full deployments.

Technical depth

Strong in-house capability across XR, spatial computing, and real-time rendering.
