

Healthcare

Metaverse Solution

Transforming Medical Experiences with Immersive Technology

Who we are

PointZero Immersive Lab builds practical AR, VR, and spatial solutions helping organizations train teams, visualize complex systems, and engage audiences through high-quality Immersive technology.

Our identity

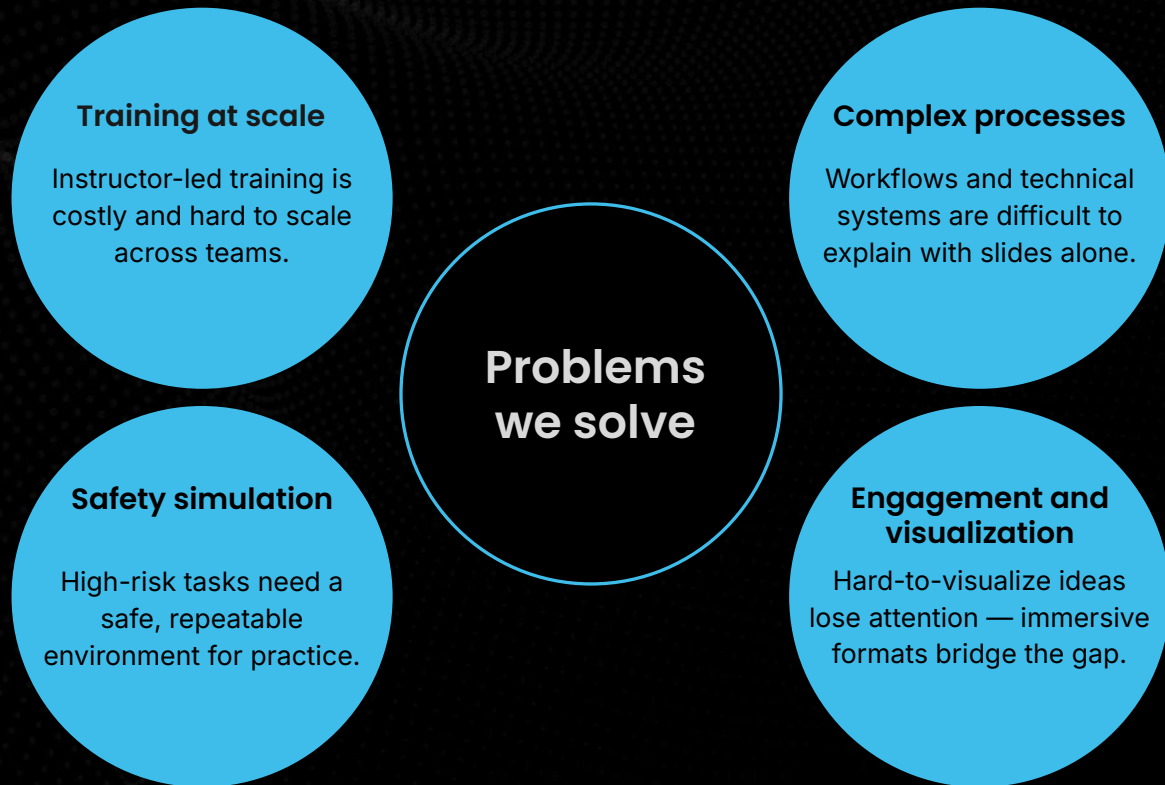

We design experiences
that
solve real problems

Technology and creativity
working in tandem

Deep industry
understanding

Execution that delivers
operational value

Organizations face complex communication, training, and engagement challenges that traditional formats can't solve

Metaverse in Healthcare

Key Use Cases

Virtual Medical Campuses

Host classes, surgical demonstrations, and exams in immersive 3D learning spaces for medical schools and institutes.

Global Medical Conferences

Run interactive, avatar-based symposiums and networking events for professionals.

Patient Support Communities

Build safe, branded metaverse environments for patients to connect, share, and learn.

Our Metaverse Solutions

3D virtual campuses

Our 3D virtual campuses offer immersive, interactive campus experiences. They help users explore and engage from anywhere

Avatars & interactive environments

Our avatars and interactive environments bring healthcare experiences to life. They boost engagement, learning, and personalization

Custom-branded healthcare worlds

Our custom-branded healthcare worlds create immersive, tailored environments for your brand. They enhance engagement, education, and patient trust

Real-time collaboration features

Our real-time collaboration features enable seamless teamwork and communication. They support instant sharing, discussion, and decision-making

Industries we serve

Immersive solutions across sectors

Manufacturing

Simulate assembly lines and train operators in virtual environments

Automotive

Virtual showrooms and immersive design review experiences

Aviation & Aerospace

High-fidelity simulation for crew training and mission rehearsal

Healthcare

Surgical simulations and patient education in immersive 3D

EduTech

Interactive learning experiences that improve knowledge retention

Oil & Gas

Safe hazard simulations and remote inspection in virtual space

Real Estate

Virtual property walkthroughs before construction begins

Infrastructure

Digital twin visualisation for planning and stakeholder review

Training & Safety

Risk-free scenario-based training across all critical environments

Why immersive works

76%

increase
in learning effectiveness

4x

faster
employee training vs. classroom

600%

ROI
for VR training in industrial settings

75%

retention
in VR vs. 10% in lectures

43%

reduction
in workplace injury risk

52%

lower cost
than classroom training at scale

Outcomes Point Zero clients achieve across training, safety, and workforce development programs.

Why PointZero

Built for execution, designed for real environments

Practical solutions

Immersive tools built to work in real-world conditions, not just demos.

Production quality

High standards at every stage, from concept through to final delivery.

Industry focus

Deep sector knowledge shapes how we design and deploy every solution.

Reliable delivery

Consistent execution on time, with clear milestones and accountability.

Scalable solutions

Designed to grow with your needs, from pilot projects to full deployments.

Technical depth

Strong in-house capability across XR, spatial computing, and real-time rendering.
